

HEAR TRACKER 2024-25

Please delete this paragraph before submitting it back to Natasha. This Document is an aid for keeping track of your tasks to make it easier for you to submit it for HEAR Accreditation at the end of the year. We may request more information from you later, however it will not be anything you haven't already completed. All you need to add to this are photographs/snapshots of research (or code) and captions to them. We don't require the full extent of what you have completed or the process to complete each stage (as in no full code scripts or step by step work done) just a few screenshots to prove you've done the task.
